

SEZ Recycling

Here is where your recycling begins.....

OUR COMPANY

SEZ Recycling is Special Economic Zone Recycling facility **“The only recycling company in SEZ Zone in INDIA”** not only do we collect from SEZs’ but also from companies outside SEZ zones.

**To win in the marketplace, you need
to first win in your workplace.**

01

Introduction

We Recycle.....

OUR SOLUTIONS

We can assist with PAN-INDIA pick-up through our wide spread network

E-WASTE & Metal COLLECTION

Extended Producer Responsibility has evolved over the period, which extends responsibility of a manufacturer to dispose their waste in an organized sector

EPR/PRO

We help in Export of Asset Disposal and Deployment service provider, supporting our clients in every phase of their equipment's life cycle.

ASSET DISPOSAL

We purchase, analyze and process used catalytic converter, petrol-chemical catalysts, oxygen sensors, automotive ECUs' as well as other scrap to recover precious metals

CATALYTIC CONVERTER

Catalytic Converter

A **catalytic converter** is an exhaust emission control metallic device that converts toxic gases and pollutants

For automotive catalytic converters, the core is usually a ceramic monolith. The outer is fully iron cover and the ceramic contains platinum, palladium and rhodium.

UNDERSTANDING THE RESPONSIBILITY

PROBLEM

Disposal of toxic e-waste in the environment has now become a major problem amongst manufacturers in India.

SOLUTION

Responsibility of any producer of Electrical or Electronic equipment for channelization of e-waste to ensure environmentally sound management practices of the same.

...

1.85 mn.ton

of e-waste is generated in India

Out of which 5 % is recycled, 95 % is handled by the informal sector

2. OUR METHOD

Environment Clearance
License

MOEF

DOCUMENTS - After the Disposal

A certificate of destruction is a formal document containing detailed information about the destruction of your material that ensures the shredding process complied with all relevant security laws.

Destruction Certificate

Form that deals with the transportation of waste generated from manufacturing or service unit destined for final disposal to a treatment, storage and disposal facility shall follow the provisions under Hazardous Waste Management Rules.

Form 6

Movement Document for hazardous and other waste to be used within the country only. Similar to Form 6.

Form 10

In case of SEZ units we provide Re-warehousing Certificate to our clients.

Thanks!
